

Martha's Vineyard Parking Clerk

Annual Report FY 23

The Parking Clerks office has continued to have a working relationship with the Island police departments. The parking clerk's office collected \$438,477.86 in parking ticket revenue in FY 23. Online collections were responsible for \$97,920.00. 8461 were written among Island towns.

The Parking clerk's office responds to inquiries in writing and by phone about tickets or other questions. Our office offers all tickets dropped off by the towns and payments in person and by mail.

Our access to the registry of motor vehicles continues to enable us to clear tickets for patrons that have a non-renewal status, for them to register a vehicle or renew their license. We also provide information to help them with pay by plate and excise tax. These are all the things that will hold someone up at the Registry of Motor Vehicles.

The office hours of the Parking Clerk are 8:30a.m. – 12:30p.m. Monday through Friday. Hearings are also held in person at the office. The office also responds via email. Patrons may dispute their tickets in writing without waiving any rights within 21 days (about 3 weeks) of receiving said ticket.

Respectively submitted,

Beth Kaeka
